

Community Development Department

Sunriver Owners Association

2012 Registered Contractors by Category

Phone
(541) 593-6645

Revised
2/1/12

Important Notice

SROA requires contractors to be licensed with the State of Oregon in order to perform work in Sunriver. As a service to all homeowners in Sunriver, SROA provides an updated listing of all registered contractors that meet this criteria. This list is in no way a recommendation regarding work performance or reliability of any contractor. However, it is SROA's recommendation that homeowners solicit references from a potential contractor before having that contractor perform any services. If a homeowner has any type of contractual dispute with a contractor, they should be addressed to the State of Oregon Contractors Board at (503) 378-4621. SROA only governs the Rules and Regulations specific to Sunriver; thus, contractors who register with our office are bound by these rules. For your convenience, we have categorized each contractor by the type of work they have indicated they specialize in. SROA policy prohibits employees from recommending, endorsing or promoting the services of any contractor (registered or not). Additionally, owners are not limited to hiring contractors on this list; however, they must register with SROA prior to working on any project that requires Design Committee approval. Service providers, who are not working on a project that requires Design Committee approval, do not need to be registered with SROA, but may still need to be licensed with the State. Should you have any questions in regard to the SROA Rules pertaining to contractors, please contact the SROA Community Development Office at (541) 593-6645.
