2.03 Pathways, Pedestrians and Cycles

A. The use of Sunriver pathways is restricted to Sunriver owners, residents and guests.

B. Pathways shall be used solely by (1) pedestrians and (2) non-motorized vehicles. Tricycles, bicycles and scooters, including strollers and child trailers or trail bikes towed behind bicycles (collectively “Cycles”). The term non-motorized vehicles shall include tricycles, bicycles, scooters, strollers, child trailers, tag-along bikes towed behind bicycles and Ebikes. An electric, pedal assisted bicycle is defined as: operated on the ground on wheels, has a seat or saddle for use by the rider, designed to travel with not more than three wheels in contact with the ground, has both fully operative pedals for human propulsion and an electric motor incapable of propelling the vehicle at a speed greater than 20 miles per hour. Motorized vehicles and non-motorized vehicles not specifically described above (including, but not limited to, skateboards, roller blades, inline skates, hoverboards and Segways) are prohibited. Exception to this rule applies to SROA authorized vehicles and vehicles issued written permits by SROA. Notwithstanding the foregoing, wheelchairs and other similar conveyances are permitted on SROA pathways for use by persons with a disability or infirmity that requires their use. Violation of this rule by using the pathways with any prohibited means of propulsion constitutes a Class C offense.

D. Pedestrians shall have the right of way on pathways and at all pathway/roadway crossings in accordance with the Oregon Vehicle Code. Pedestrians and non-motorized vehicle riders shall walk/ride on the right side of the pathways and pass on the left with a word of warning.

F. Cyclists Non-motorized vehicle riders shall ride in a safe, respectful, and courteous manner and obey all regulating signs on pathways and roadways.

N. Cycles shall be walked through all tunnels. Non-motorized vehicle riders shall obey all signage posted at tunnels.

SECTION 3 ANIMALS

3.01 Pets

A. If a pet defecates on private property other than the owner’s or on SROA owned property within three feet of any pathway or roadway the person responsible for the pet shall clean up after it. All pet owners are
responsibility for removing any pet defecation and disposing it in a trash receptacle.

4.02 Maintenance and Appearance

C. Firewood shall be neatly stacked and not exceed five (5) cords in quantity. A standard cord of wood is approximately 4x4x8 ft. in size. Multiple cords may not be utilized as “fence building” and will be stacked in a rectangular pattern, not in a linear fashion. The Design Committee, in its sole discretion, shall determine whether any stacked wood conforms to Design Committee Manual Section 29.03.
